ENDNOTES

The following information applies to all funding priorities listed above:

COMMUNITY PARTNERSHIP(S) –

To provide the most effective services to victims, a written agreement demonstrating community partners is required for all program priorities (i.e. MOU, MOA, etc.). [Click here for sample MOU:](#)

Sample MOU:

Proposals should utilize a collaborative approach in ways that are meaningful and purposeful to the goals and objectives of the project. A collaborative design can be either complex or modest. What is most important is that the design be in proportion to the scope of the project, the make-up of the organization and its geographic location.

Additionally, be sure to give thought to other groups who want to accomplish similar goals and how you may work with such agencies/individuals in an effort to meet a need. For example, you may rely on another person for certain information or for help to coordinate your plan. Each individual or agency has a task to perform, and with coordination and collaboration, tasks become more manageable.

TRAINING –

Training is important for all listed funding priorities. Applications within each priority should consider including training conducted by agencies such as, but not limited to: Office on Violence Against Women, Office for Victims of Crime, North Carolina Coalition Against Domestic Violence, North Carolina Coalition Against Sexual Assault, North Carolina Victim Assistance Network, Department of Health and Human Services, etc.
