Section: PURPOSE AND POLICY
Issue Date: AUGUST 15, 2012

Purpose and Policy

- I. It is the policy of the Department of Public Safety to consider employee requests for secondary employment consistent with the requirements established by the Office of State Personnel.
- II. The purpose of this policy is to ensure a consistent process for employees seeking approval for secondary employment and to serve as a tool for management in the consideration, approval and denial of requests for secondary employment.
- III. Employees may accept employment in addition to their employment with the Department of Public Safety upon satisfying the requirements set forth in this policy. The employment responsibilities to the State are primary for any employee working full-time. Any other employment in which that person chooses to engage is secondary and may not have an adverse effect on the primary employment or create a conflict of interest.
- IV. The term secondary employment does not include a second job or assignment paid from State funds. Such jobs or assignments are covered under a separate policy governing dual employment.
- V. Nothing in this policy is intended to supersede the regulations of the Office of State Personnel regarding dual employment.
- VI. The term employment includes self-employment, if the self-employment is income producing.
